

Delivering Exceptional Services & Software Every Time

AWFedExInterface \$3,500

AdvancedWare is Pleased to Present AWFedExInterface - \$3,500

The AWFedExInterface product automatically loads from your Avanté, DataFlo, MANAGE 2000 or ManFact system all the information required by FedEx for a shipment. Once you complete the shipment in the FedEx system, all the information such as Shipment Cost, Total Weight, Number of Packages, and Tracking Number(s) are then automatically loaded into your Avanté, DataFlo, MANAGE 2000 or ManFact system. AWFedExInterface streamlines the shipment process and eliminates errors caused by having to maintain redundant customer address information.

Below you can see the flow of the AWFedExInterface process. In one simple step, the information is automatically loaded into the FedEx system and is ready to be processed. Then, with a click of the mouse the information is automatically loaded from FedEx into your Avanté, DataFlo, MANAGE 2000 or ManFact system.

Receiving into Avanté, DataFlo, MANAGE 2000 or ManFact the Shipment Cost, Total Weight, Number of Packages and Tracking Number(s) from FedEx

Our Turnkey Approach: For the price of \$3,500 AWFedExInterface includes the combination of products and services needed for your company to be up and running live. We include the installation and setup of AWFedExInterface on your system and full integration to your release of Avanté, DataFlo, MANAGE 2000 or ManFact even if you have customization.

The Bottom Line: With AWFedExInterface, your users will be able to ship directly from your Avanté, DataFlo, MANAGE 2000 or ManFact system using FedEx and capture all the required information in a snap. Best of all, AWFedExInterface provides an unlimited license to run on as many shipping stations as you like.
