

Delivering Exceptional Services & Software Every Time

AWReportBuilder  
\$9,500.00

## AdvancedWare is Pleased to Present AWReportBuilder - \$9,500

AWReportBuilder makes it easy for users to create their own Ad Hoc reports. Avanté, DataFlo, MANAGE 2000, and ManFact are great ERP systems but sometimes generating reports can be a challenge – The solution is AWReportBuilder from AdvancedWare.

AWReportBuilder is great for both IT Professionals and End Users. As an IT Professional you can use AWReportBuilder's Graphical Interface to quickly and easily setup flexible Data Sources for Ad Hoc reporting. A Data Source defines related information from your Avanté, DataFlo, MANAGE 2000, or ManFact system (Customer Information, Supplier Information, etc). End Users can then use a simple Graphical Browser Interface to run Ad Hoc reports against this information.

It's fast and efficient – AWReportBuilder can run the Ad Hoc reports against the live data or against cached data that is updated periodically. Performance really counts when running Ad Hoc reports and AWReportBuilder delivers.

And talk about flexibility – AWReportBuilder lets users sort, filter, sub-total, export to Excel and more.

Like all AdvancedWare products, AWReportBuilder is a complete solution that comes with everything you need to start generating reports. For the Turnkey Price of \$9,500 AWReportBuilder includes the following:

- Unlimited Users
- All installation and setup services
- Data Sources for the Customer & Supplier information
- IT training on building additional Data Sources for Avanté, DataFlo, MANAGE 2000, or ManFact
- End User training on how to build Ad Hoc reports

**Our Turnkey Approach:** For the price of \$9,500 AWReportBuilder includes all products and services needed for your company to be up and running live. We include the installation and setup, provide you with Customer and Supplier Data Sources, and train your Company on how to use the solution (both IT and End Users).

**The Bottom Line:** With AWReportBuilder Ad Hoc Reports for Avanté, DataFlo, MANAGE 2000, and ManFact are a snap.

**To arrange for a demonstration or to order your copy of AWReportBuilder please give us a call at (949) 609-1240**
