AdvancedWare is Pleased to Present AWUPSInterface for Avanté - $4,000
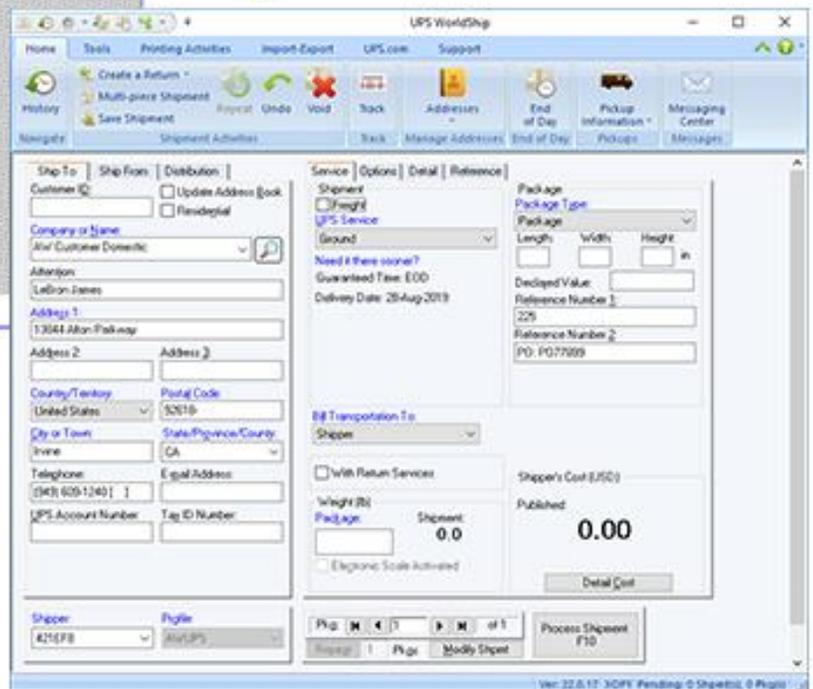

The AWUPSInterface product automatically loads from your Avanté system all the information required by UPS WorldShip for a shipment. Once you complete the shipment in the UPS WorldShip system, all the information such as Shipment Cost, Total Weight, Number of Packages, and Tracking Number(s) are then automatically loaded into your Avanté system. AWUPSInterface streamlines the shipment process and eliminates errors caused by having to maintain redundant customer address information.

Below, you can see the flow of the AWUPSInterface process. In one simple step, the information is automatically loaded into the UPS WorldShip system and is ready to be processed. Then with a click of the mouse, the information is automatically loaded from UPS WorldShip into your Avanté system.

Sending Shipment Information to UPS WorldShip from Avanté.

Receiving into Avanté the Shipment Cost, Total Weight, Number of Packages and Tracking Number(s) from UPS WorldShip.

Our Turnkey Approach: For the price of $4,000, AWUPSInterface includes the combination of products and services needed for your company to be up and running live. We include the installation and setup of AWUPSInterface on your system and full integration to your release of Avanté, even if you have customization.

The Bottom Line: With AWUPSInterface, your users will be able to ship directly from your Avanté system using UPS WorldShip and capture all the required information in a snap. Best of all, AWUPSInterface provides an unlimited license to run on as many shipping stations as you like.
